Where Does Age Justice Go From Here?

A Conversation for People of All Ages, where together we will:

- Review how you and others have been impacted by age-based discrimination
 & marginalization;
- Outline an action-based plan for Age Justice in 2019 here in NYC and beyond.

The Age Café is based on <u>The World Café</u>, which is a powerful social technology for engaging people in conversations that matter, offering an effective antidote to the fast-paced fragmentation and lack of connection in today's world. Based on the understanding that conversation is the core process that drives personal, business, and organizational life, the World Café is more than a method, a process, or technique – it's a way of thinking and being together sourced in a philosophy of conversational leadership.
